CALFED Bay-Delta Program

Subject: CALFED Program Coordination Team

During the April 20, 1995 CALFED meeting I briefly discussed the need for a CALFED program coordinating team to coordinate interagency work efforts, provide a regular forum for integrated decision making, and provide for dissemination of information back to each agency. The first meeting is scheduled for 10:00 a.m. Tuesday May 2, 1995 in room 1155 of the Resources Building.

This meeting will be important as an organizational meeting and also to promote initial discussions of program structure. An agenda is attached for your information. Please call if your are unable to attend.
